13:15 14:45 Research workshop Student presentations (3x30min) Onsite All lecturers 15:00 16:30 Lecture 12 The importance of modeling both couples and singles Online (-7h) Mariacristina De Nardi 16:45 18:15 Lecture 16 Interactions as Investments Online (-7h) James Heckman Sunday August 22 9:00 10:30 Lecture 13 Stationary and Nonstationary Equilibrium in Durable Goods Markets Onsite John Rust 10:45 12:15 Lecture 14 Estimation of static games with multiple equilibria Onsite Bertel Schjerning 12:15 13:15 Lunch Onsite Fedor Iskhakov 15:00 18:00 Research Student presentations (6x30min), general discussion and Onsite All lecturers	10:45	12:15	Lecture 11	Saving during retirement	Onsite	Eric French	
15:00 16:30 Lecture 12 The importance of modeling both couples and singles Online (-7h) Mariacristina De Nardi 16:45 18:15 Lecture 16 Interactions as Investments Online (-7h) James Heckman Sunday August 22 9:00 10:30 Lecture 13 Stationary and Nonstationary Equilibrium in Durable Goods Markets Onsite John Rust 10:45 12:15 Lecture 14 Estimation of static games with multiple equilibria Onsite Bertel Schjerning 12:15 13:15 Lunch 13:15 14:45 Lecture 15 Solving and estimating directional dynamic games Onsite Fedor Iskhakov 15:00 18:00 Research Student presentations (6x30min), general discussion and Onsite All lecturers	12:15	13:15	Lunch				
16:30 16:30 Lecture 12 Interactions as Investments Online (-7h) James Heckman Sunday August 22 9:00 10:30 Lecture 13 Stationary and Nonstationary Equilibrium in Durable Goods Markets Onsite John Rust 10:45 12:15 Lecture 14 Estimation of static games with multiple equilibria Onsite Bertel Schjerning 12:15 13:15 Lunch Onsite Fedor Iskhakov 15:00 18:00 Research Student presentations (6x30min), general discussion and Onsite All lecturers	13:15	14:45		Student presentations (3x30min)	Onsite	All lecturers	
Sunday August 22 9:00 10:30 Lecture 13 Stationary and Nonstationary Equilibrium in Durable Goods Markets Onsite John Rust 10:45 12:15 Lecture 14 Estimation of static games with multiple equilibria Onsite Bertel Schjerning 12:15 13:15 Lunch 13:15 14:45 Lecture 15 Solving and estimating directional dynamic games Onsite Fedor Iskhakov 15:00 18:00 Research Student presentations (6x30min), general discussion and Onsite All lecturers	15:00	16:30	Lecture 12	The importance of modeling both couples and singles	Online (-7h)	Mariacristina De Nardi	
9:00 10:30 Lecture 13 Stationary and Nonstationary Equilibrium in Durable Goods Markets Onsite John Rust 10:45 12:15 Lecture 14 Estimation of static games with multiple equilibria Onsite Bertel Schjerning 12:15 13:15 Lunch 13:15 14:45 Lecture 15 Solving and estimating directional dynamic games Onsite Fedor Iskhakov 15:00 18:00 Research Student presentations (6x30min), general discussion and Onsite All lecturers	16:45	18:15	Lecture 16	Interactions as Investments	Online (-7h)	James Heckman	
10:45 12:15 Lecture 14 Estimation of static games with multiple equilibria Onsite Bertel Schjerning 12:15 13:15 Lunch 13:15 14:45 Lecture 15 Solving and estimating directional dynamic games Onsite Fedor Iskhakov 15:00 18:00 Research Student presentations (6x30min), general discussion and Onsite All lecturers	Sunday August 22						
12:15	9:00	10:30	Lecture 13	Stationary and Nonstationary Equilibrium in Durable Goods Markets	Onsite	John Rust	
13:15 14:45 Lecture 15 Solving and estimating directional dynamic games Onsite Fedor Iskhakov 15:00 18:00 Research Student presentations (6x30min), general discussion and Onsite All lecturers	10:45	12:15	Lecture 14	Estimation of static games with multiple equilibria	Onsite	Bertel Schjerning	
13:15 14:45 Lecture 15 Student presentations (6x30min), general discussion and Onsite All lecturers	12:15	13:15	Lunch				
15'00 18'00	13:15	14:45	Lecture 15	Solving and estimating directional dynamic games	Onsite	Fedor Iskhakov	
	15:00	18:00			Onsite	All lecturers
